

It's almost time to pick up your
TREE ORDER

Follow the signs

- Please follow the arrows, stay within the cones, and DO **NOT** leave your vehicle.
- Orders will be packed while you wait and they will be brought to your vehicle by our staff.
- We will do our best to keep the line moving. Please be patient and be prepared to wait; some orders are large and it takes time to pack them.

Phone calls

- If you have any questions about your order, this process, or need planting instructions, please contact the office **PRIOR to April 8**. We will be busy unloading shipments and preparing for distribution.

Important Notes

- We DO **NOT** have any extra trees available to purchase.
- These are seedling trees under 36" & most will fit in a standard vehicle.
- Trees should be placed in a cool, dark location for short-term storage.

Your cooperation and patience is greatly appreciated.
